

Integration

an opportunity for Stroke care professionals?

Why Integration?

What are we changing?

Specialist, Generalist or.....

A perfect storm??

- **Ageing population**
- **Workforce Constraints**
- **Fiscal Constraint**

Health and Care

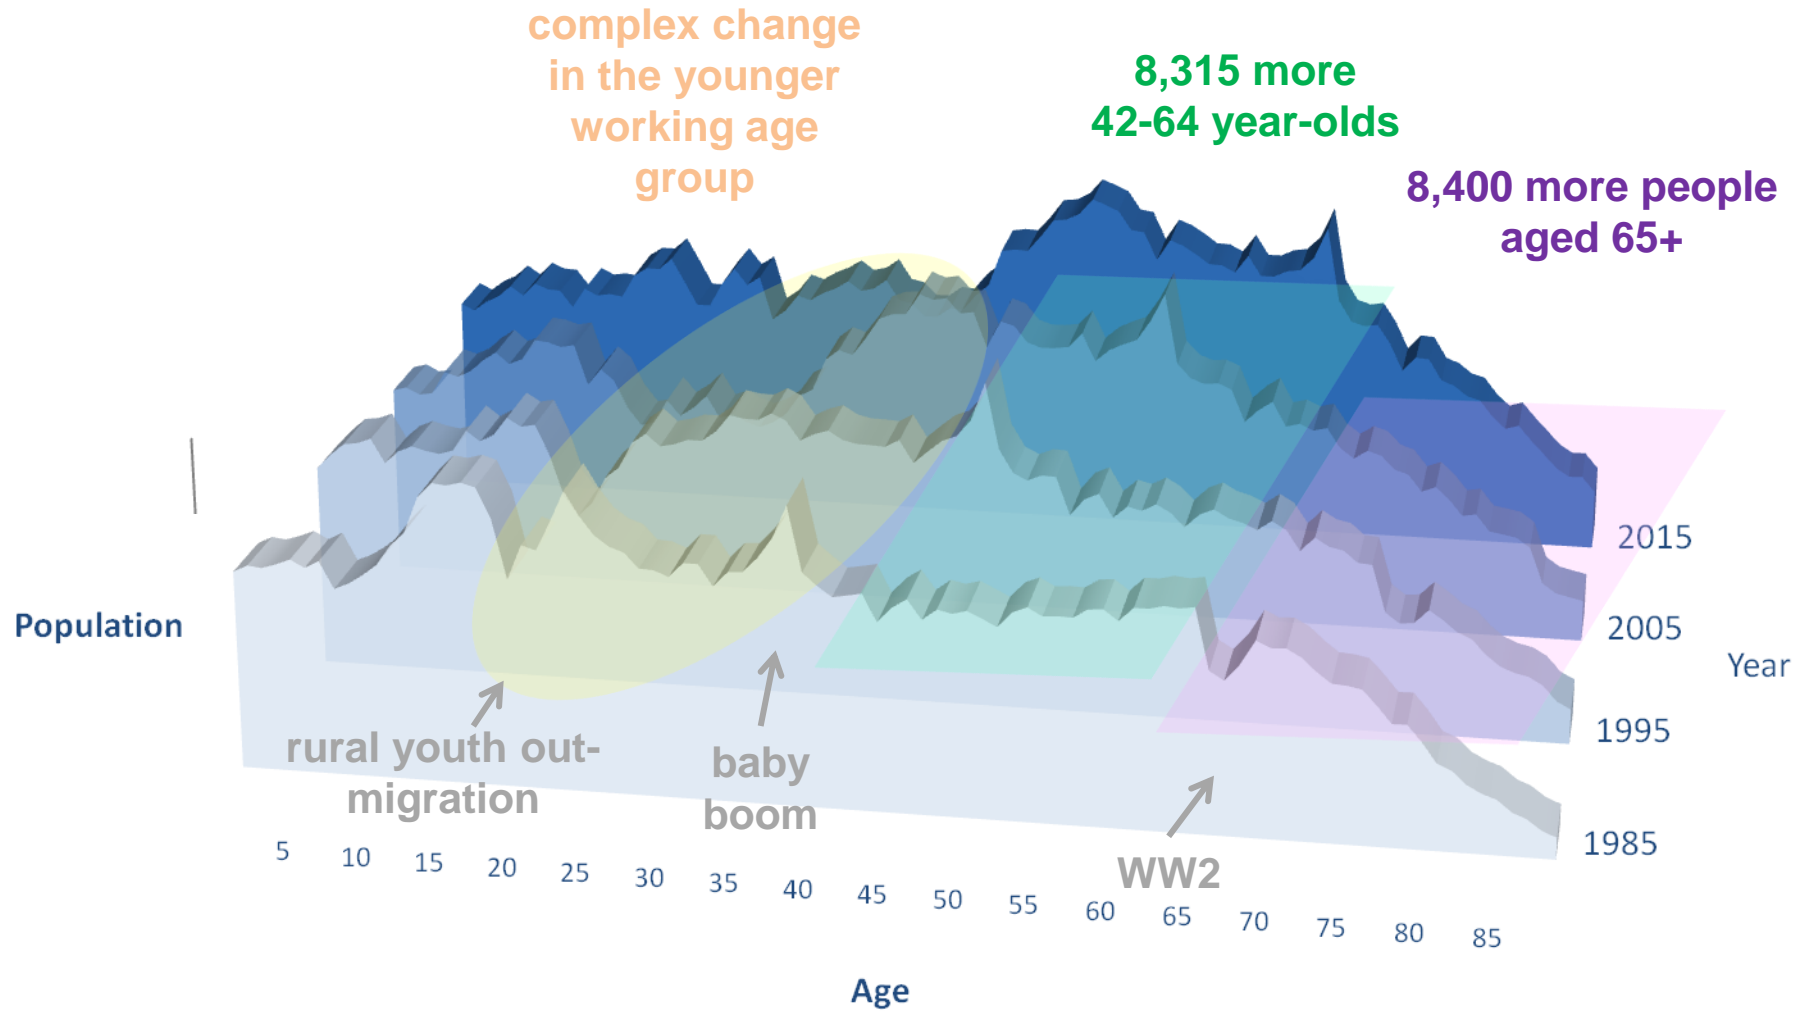

National Health Service

- Bevan 1948
- Universal
- Free
- Conditions
 - Infection, Cancer
 - Death in child birth
 - Etc.....

Social Care

- Poor Law
- Targeted
- Means tested
- Service only after assessment

Demographic Change

Health and Care

National Health Service

- Significant
- Ageing
- Deprivation
- Social Mobility
- Social Isolation
- Enhanced technology
- Increasing pace
- More delays

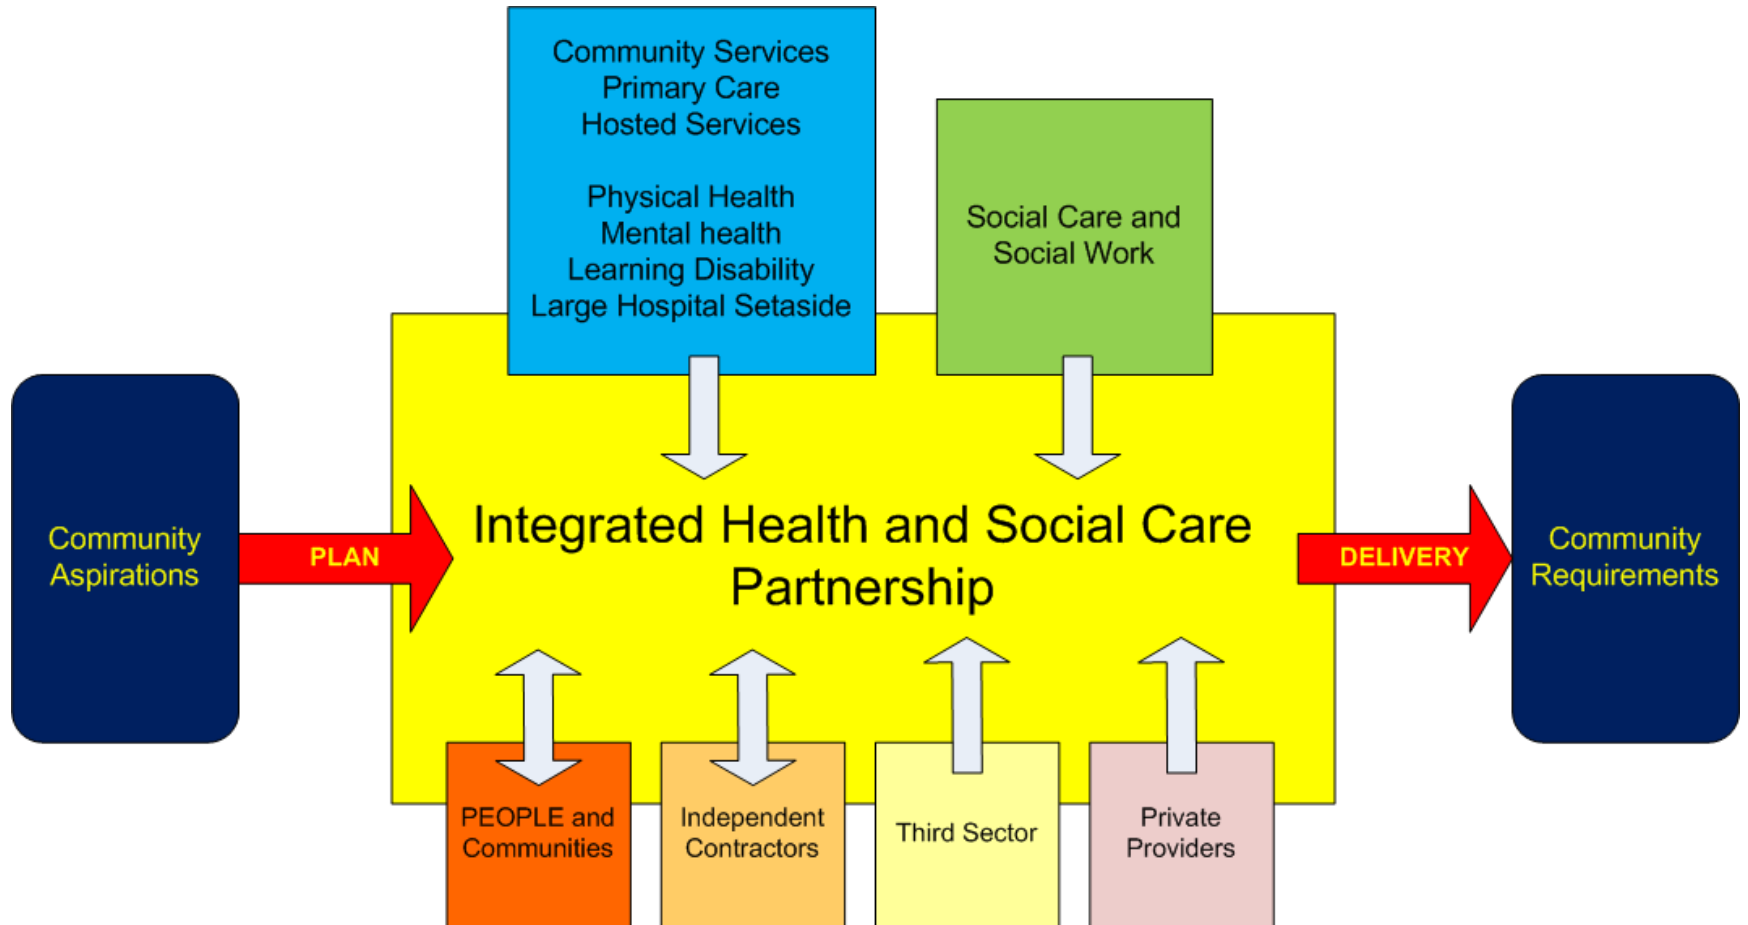

Social Care Services

- Significant
- Ageing population
- Deprivation
- Social Mobility
- Social Isolation
- Enhanced
- Increasing
- More delays

Integrated Health & Care

- Significant increase in demand
- Ageing population
- Deprivation
- Social Mobility
- Social Isolation
- Enhanced technology
- Increasing pace
- More delays

Integrating Health, Social Care and...

Why Integration?

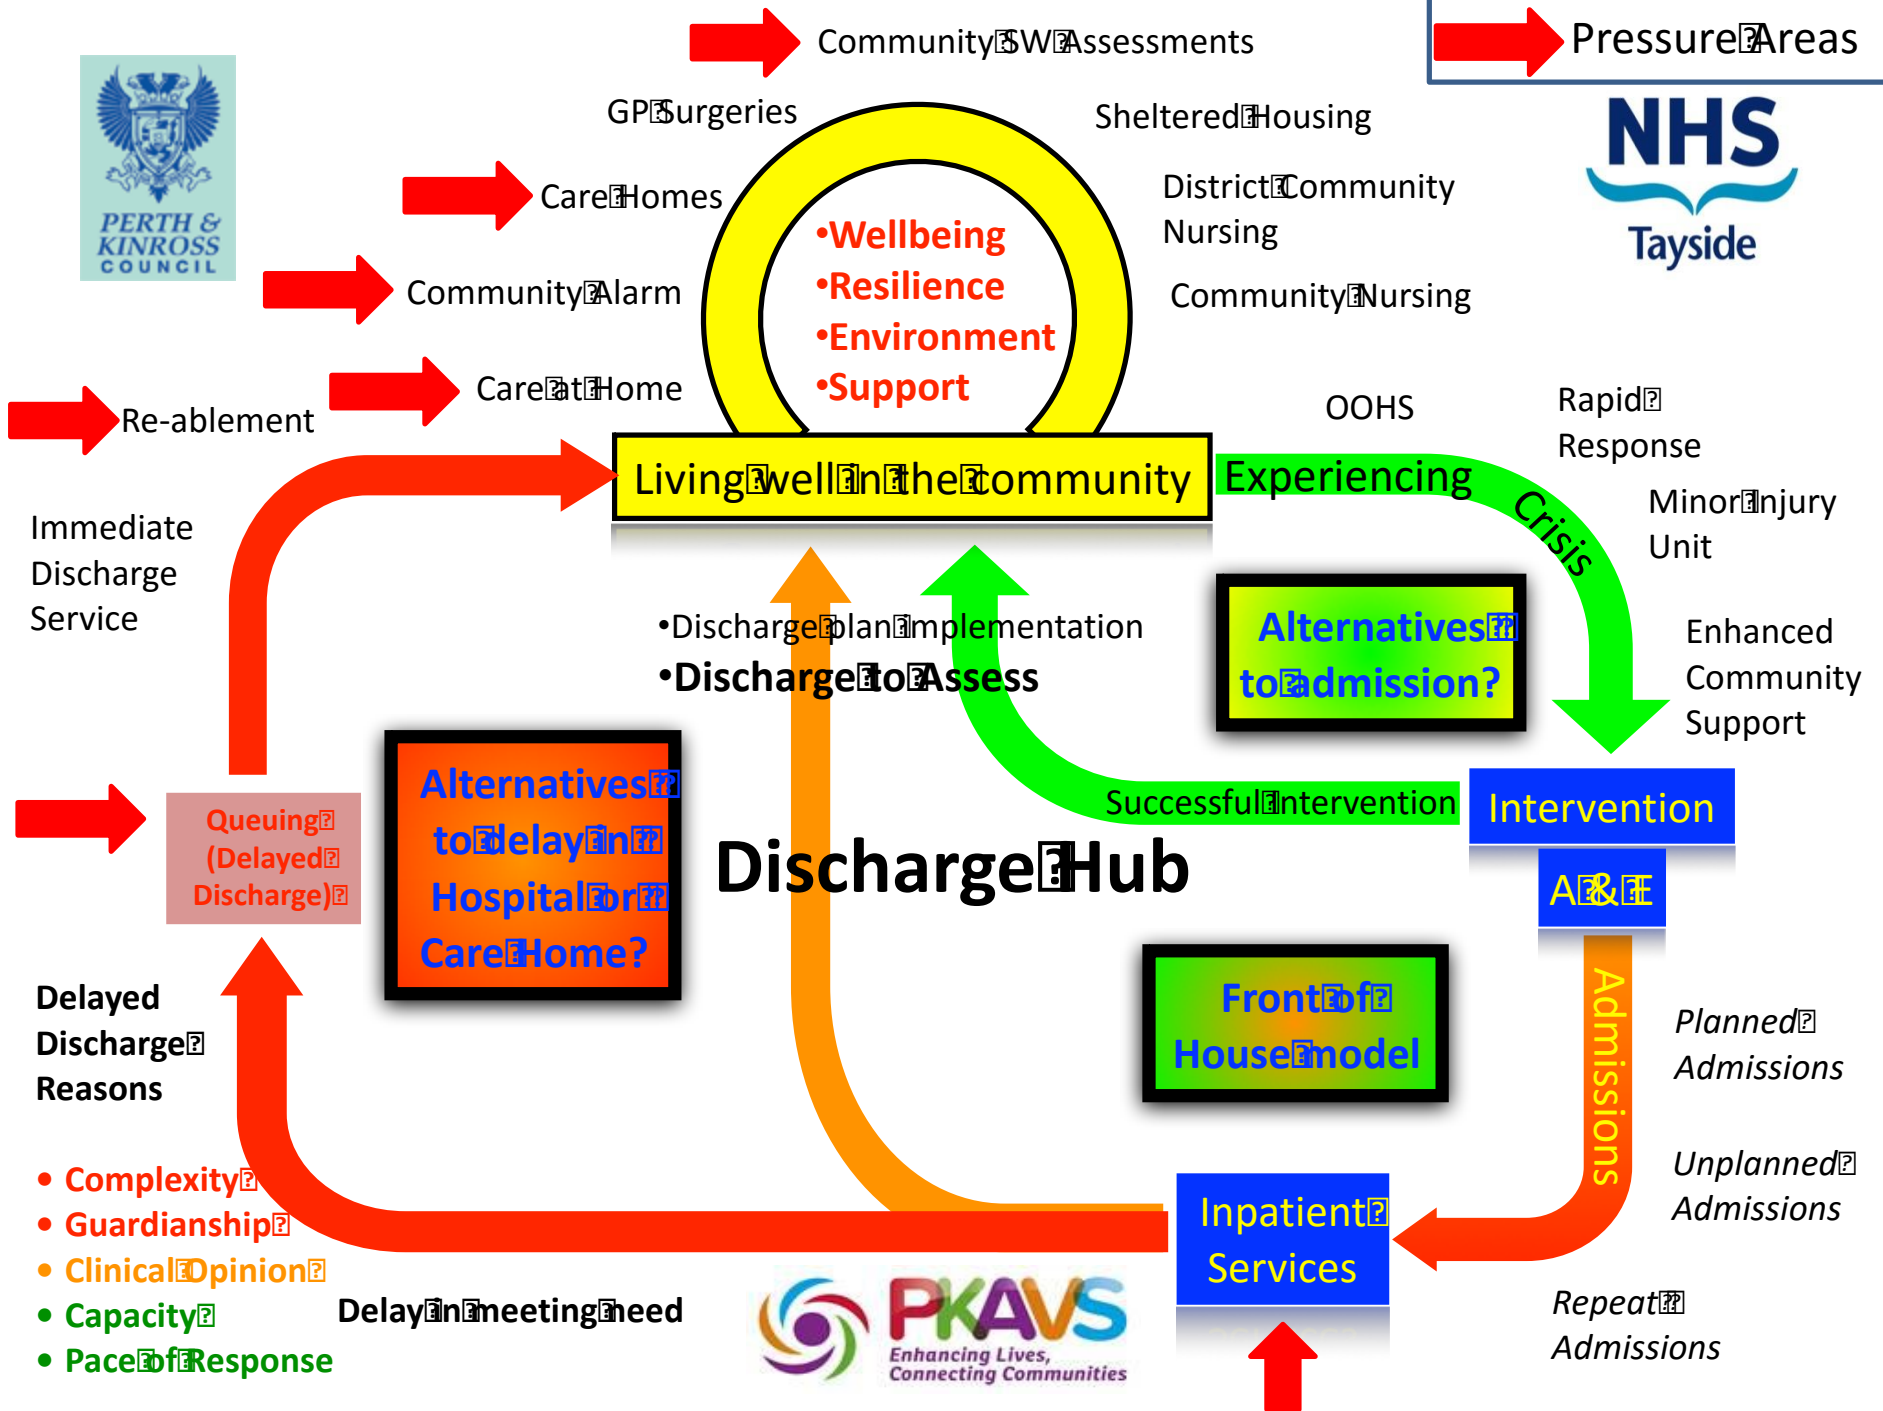

What are we changing?

Specialist, Generalist or.....

Five Strategic Themes

- Prevention and early intervention
- Person centred health, care and support
- Work together with communities
- Addressing Inequality, inequity & promoting healthy living
- Making best use of available facilities, people & resources

Why Integration?

What are we changing?

Specialist, Generalist or.....

Deep Generalism.....

- **Never give up your specialist skills.**
- **Learn more from others – reduce hand-offs**
- **Line up your priorities with the organisation**
- **Get over yourself.....**

To Ponder.....

- **On the pitch?**
- **Being the change?**
- **Clinical excellence and citizens, workforce, money?**
- **The History Boys.....**

Thank you for listening.
